Hi Wendy,

I appreciate you passing along these comment letters.

On Monday we'll be submitting comments to the Army Corps on the most recent proposed Somerville coal mine 404 permit application. I'm happy to share those once finished if you're interested.

If EPA Region V has commented on the current 404 permit application (or will be commenting)

could you send me those comments once they are submitted?

Thanks,

Nathaniel

Hi Nathaniel. Here are the two additional letters you requested. We are currently reviewing Somerville South Amendment 3 and requested an extension of the public comment period until mid-November.
